

Mr. Savage French having Proposed the following Resolution
That it is expedient that the Society set apart a sum of
£20 for the purpose of sending a Commissioner to Normandy
to enquire into and report on the System of Butter Making
marketing, and Winter Dairying as practised there, and that
a small Sub-Committee be appointed for the purpose of
carrying out this object.

The subject having been discussed it was decided on the
proposal of Mr. W.R. Meade to hold over the resolution as
a Notice of Motion until next Meeting.

A. Ferguson

Seed Station Sub-Committee

Friday 21st October 1886.

Present A. Ferguson, Esq. In the Chair.
James W. Keuzie L. A. Heanish

It was decided.

That Seed Merchants be allowed 30 Analyses for self or
customers on payment of $\frac{1}{2}$ 3. Subscription.

Seed Merchants subscribing to be provided with special
Seal, for sealing samples, at cost price.

The Analyst to obtain samples of two seeds, and test
them at Dairy School, and send in a report at end of
year as to their suitability for South of Ireland.

In cases where the samples of seeds are taken for the
purpose of being tested

The Purchaser is to state, when making the purchase that
he intends to get a sample analysed

A Sample is then to be taken by seller in presence of
